

## 826 Series Swing Check Valve with Lever and Weight

---

The Soval 826 Series Lever and Weight Swing Check Valves are manufactured to AWWA C508 Standard and are UL Listed designed for use in water and wastewater applications.

- Our valves are constructed using ASTM A536 65-45-12 Ductile Iron Material
- Full waterway design providing maximum flow
- Valves are available from 2" through 16"
- Flanged Ends conform to ANSI B16.1, Class 125
- Working Water Pressure rating of 200PSI through 12" and 150PSI for 14" and Up
- Fusion Bonded Epoxy coated both on the interior and exterior to meet AWWA C550 Standard.

The 826 Series Lever and Weight Swing Check valve has a Ductile Iron fully encapsulated EPDM Rubber clapper and seats with a Bronze Seat Ring. The Lever and Weight design can also work with a lever and spring to allow for both horizontal or vertical installations.
